Dear Sir:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56, it is respectfully requested that this Sixth Supplemental Information Disclosure Statement be entered.

By submitting this Statement, Applicants are attempting to fully comply with the duty of candor and good faith mandated by 37 C.F.R. §1.56. As such, this Statement is not intended to constitute an admission that any of the enclosed references, or other information referred to therein, constitutes "prior art" or is otherwise "material to patentability," as that phrase is defined in 37 C.F.R. §1.56(a).

As stated in the executed 37 C.F.R. § 1.63 oath/declaration, filed on November 12, 2001 in the above-referenced non-provisional patent application, the inventive entity set forth in the above-referenced application is Thomas D. Paasche and William S. Kerker. Pursuant to 37 C.F.R. § 3.73(b), Quixtar Investments, Inc. ("Assignee"), by virtue of an assignment from the named inventors, is the assignee of the above-referenced patent application.

In 2002, Mr. Scotty Michaels and Ms. M.J. Michaels contacted the Assignee alleging that they had contributed inventive concepts to the above-referenced patent application. In response thereto, the Assignee conducted a thorough investigation to verify the correct inventorship of the above-referenced application which was confirmed by the named inventors to be the inventive entity set forth in the executed 37 C.F.R. § 1.63 oath/declaration of November 12, 2001. Accordingly, it was concluded that neither Mr. Scotty Michaels nor Ms. M.J. Michaels contributed to the claimed invention of the above-referenced application, and the Michaels were informed accordingly. Nonetheless, in May of 2005, the Michaels revived this issue by filing a complaint and request for an informal conciliation meeting with the Assignee under a contractually required arbitration proceeding. The Michaels' complaint again alleged that they had contributed to the claimed invention of the above-referenced application. Prior to the conciliation meeting, the Michaels were contacted to provide any evidence they had to support their claim. In response, the Michaels failed to provide the requested evidence and subsequently dropped their complaint and request for conciliation meeting.

Both the Applicants and the Assignee maintain that the inventorship, as specified by the executed 37 C.F.R. § 1.63 oath/declaration of November 12, 2001, is proper. Furthermore, Applicants are not withholding any information that would be pertinent to the determination of inventorship.

Applicants have calculated a processing fee in the amount of \$180.00 to be due under 37 C.F.R. §1.17(p) in connection with the filing of this Statement. Applicants have enclosed a check covering this fee, or authorized charging the fee to a deposit account or credit card, as indicated in the Transmittal accompanying this Statement.

Respectfully submitted,
